

## Redhill Farm voted favourite at Sausage Festival

Visitors to the 8th annual Tastes of Lincolnshire Sausage Festival sampled a diverse range of Lincolnshire sausages and voted Redhill Farm Free Range Pork as their favourite Lincolnshire Sausage.

A total of 9,500 people attended the Festival in the castle grounds and over 60 different varieties of sausage were on sale from a wide range of producers. The Rotary Club of Lincoln Colonia helped organise the event in conjunction with Lincoln Castle, Lincoln Business Improvement Group and Tastes of Lincolnshire.

“We are really honoured that the public have chosen our Lincolnshire Sausages as their favourite”, commented Redhill Farm’s Director, Terry Tomlinson. “We have won many national awards for our pork products but as Lincolnshire farmers and producers the most important product for us is our Lincolnshire Sausage, so to have it voted as the winner by Lincolnshire people is the best endorsement you could wish for,” he added.

“The Lincolnshire Sausage Festival has grown to become one of the major events in the foodie calendar for our county, attracting 9,500 visitors to Lincoln Castle. This was the first year we encouraged visitors to sample all of the Lincolnshire Sausages on offer to vote for their favourite. There were over 250 visitors that voted for their favourite Lincolnshire Sausage during the morning of the Festival. Congratulations to Redhill Farm, who earlier in the year were also awarded Tastes of Lincolnshire Grower of the Year,” commented Lydia Rusling on behalf of Tastes of Lincolnshire.

Children were also encouraged to try cooking sausages for themselves with chef Debbie Kenyon in a children’s activity marquee. This was a new idea for this year’s festival introduced by Jane Tomlinson, Managing Director of Redhill Farm, and it was also sponsored by Redhill Farm.
